Experience one of the most unique zoos in the U.S. This is a very scenic and informative place where you do not feel like you are in a zoo. The Living Desert was established in 1970 by several trustees of the Palm Springs Desert Museum who foresaw the impact that resort development would have on their local desert ecosystem. This vision led to the establishment of an interpretive nature trail and preserve in Palm Springs. The gardens showcase the diversity of forms adopted by plants found growing in the harsh conditions typical of the world’s deserts. Embark on a two-hour safari tram tour of the grounds led by a nature guide. You’ll see remarkable plants, animals and natural phenomena associated with deserts and discover how The Living Desert is helping to interpret and protect them. Stops will be made at the major animal exhibits. There is a stop at the Wildlife Hospital where you

will be able to see the state-of-the-art equipment the veterinarians use to keep the zoo's animals healthy. After the tour, enjoy a no-host lunch in one of the cafes and giraffe feeding (\$6 added fee). Enjoy time at leisure to explore exhibits on your own before returning back to MiraCosta. The Living Desert offers an experience like no other.
