**For 2017-18, what strategies are planned to accelerate student progress (Must list at least one)?**

Identify activities that you will implement and/or improve through using specific evidence-based strategies across the region, within and between systems where they currently don't exist, to accelerate student's progress. Common strategies include compressing courses into shorter, more intensive terms (accelerated), individualized instruction based on a student's competencies (competency-based), and putting basic skills content into the context of a student's goals and career path (contextualized).

## Shared Professional Development

Explain how your consortium has collaborated in the provision of ongoing professional development opportunities for faculty and other staff to help them achieve greater program integration, consortium alignment, and improve student outcomes.

2016-17 Strategy	To what extent have these strategies been implemented?	What challenges prevented full implementation?	What intervention strategies, if any, are planned for the future? If you are not planning to implement or expand on this strategy in the coming year, type "None"	What state support would be most helpful to fully implement this strategy?

**For 2017-18, what NEW strategies are planned to provide shared professional development (Must list at least one)?**

A critical element to ensuring the effective implementation of the Consortium's plans to improve adult education programs are faculty and staff equipped with the skills, knowledge, and support needed to deliver high-quality instruction and use classroom support strategies that foster learner persistence and goal achievement. Significant and effective professional development will be required to build capacity within the existing systems to deliver this new vision for adult learning throughout the state.

## Leveraging Resources

See the attached adult education fiscal resources table on your consortium fact sheet. Explain how your consortium is leveraging and braiding these funds sources including those provided by consortium members and partners, incorporating existing regional structures, and reaching out to stakeholders and partners for participation and input.

**For 2017-18, what NEW strategies are planned to leverage existing regional structures, including, but not limited to, with local workforce investment areas (Must list at least one)?**

Identify strategies planned to leverage existing regional structures and utilization of resources, including leverage existing assets or structures to benefit the adult learners in the region. These assets or structures might include, for example, contributions from or collaborations with local Workforce Investment Boards (WIBs), industry employer groups, chambers of commerce, and county libraries.
