Dear Parent or Guardian,

The Healthy Schools Act of 2000 (as amended by Act No. 15 of 2011) (the Act) requires that all schools in the State of New Jersey must have a written policy on the use of electronic devices in schools. The purpose of this policy is to ensure that the use of electronic devices in schools is consistent with the State's educational goals and to protect the privacy and security of the school's information systems.
