

The district maintains a plan for the provision of programs and services to students with disabilities designed to ensure that they have equality of access to district classes, programs, and activities. The Student Accessibility Services (SAS) plan is reflected in various documents located on the MiraCosta College website. These documents include SAS service policies, and SAS faculty handbook. These documents are reviewed and updated at least annually by the SAS interim decisions on such requests pending final review by the Board of Trustees or designee.
